Hurricane MATTHEW Recovery Efforts, United States East Coast

Emergency Management Assistance Compact (EMAC)

- Cal OES staff continue to monitor resource requests and situational awareness being submitted under the Emergency Management Assistance Compact (EMAC) process from the states of Florida, North Carolina, South Carolina, Georgia, and Virginia in support of Hurricane Matthew.
- California deployed a 2-person EMAC A-Team (also known as an EMAC “Advance” Team), for a two week deployment to support Florida’s State Emergency Operations Center. Cal OES Mission Tasking Number 2016-SOC-27164.
- Other EMAC member states are also monitoring and responding to requests from the affected states.
- Additional information on the EMAC process can be found here: <http://www.emacweb.org/>

FEMA US&R

- The Urban Search and Rescue (US&R) Blue Incident Support Team (IST) has been activated in support of Hurricane Matthew.
- 19 California Task Force (TF) members were deployed: (1) TF 1; (1) TF 2; (3) TF3; (5) TF5; (1) TF 6; (2) TF7; and (6) TF8. Cal OES Mission Tasking Number 2016-FIRE-27170.

SITUATION SUMMARY

Cal OES SOUTHERN REGION

Flaring Event, Torrance, Los Angeles County, SPILL: 16-8188

- On 10/11/16 at 0640 hours the California State Warning Center (CSWC) received a report from the Torrance Refining Company advising that the company experienced a facility wide power failure which caused a unplanned flaring event.
- Residents and businesses between 182nd Street, Van Ness Avenue, Del Amo Boulevard and Prairie Avenue were notified by the Torrance Alert System to shelter-in-place as a precaution.
- There are road closures around the refinery facility.
- The Torrance Refinery Company notified the South Coast Air Quality Management District that the flaring event may possibly continue until midnight tonight and for several days.
- Per Southern California Edison, more than 102,000 customers are without power in the South Bay affecting the cities of Torrance, Hermosa Beach, Hawthorne, Inglewood, Westmont and Gardena.
- The Torrance Refinery Company's Emergency Operations Center (EOC) is activated and the Los Angeles County Office of Emergency Management (OEM) Duty Officer is in contact with the refinery company's EOC.
- Per the Cal OES Southern Region Duty Officer (SDO), there are no emergency management issues and no state assistance is required.
- Cal OES Duty Officers will continue to monitor the situation and provide updates as warranted.

WEATHER OF CONCERN

Weather of Concern

- Multiple High Wind Watches are in effect from 10/13/16 to 10/14/16 for portions Northern California.
- Two strong Pacific fronts will move across the North Coast and across the Northern California interior later this week into the weekend. The first will arrive on Thursday followed by the second on Sunday, which will bring periods of heavy rain and gusty winds.

Active Weather Warnings, Watches and Advisories by County:

http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php

WEATHER SYNOPSIS BY REGION

NORTHERN CALIFORNIA

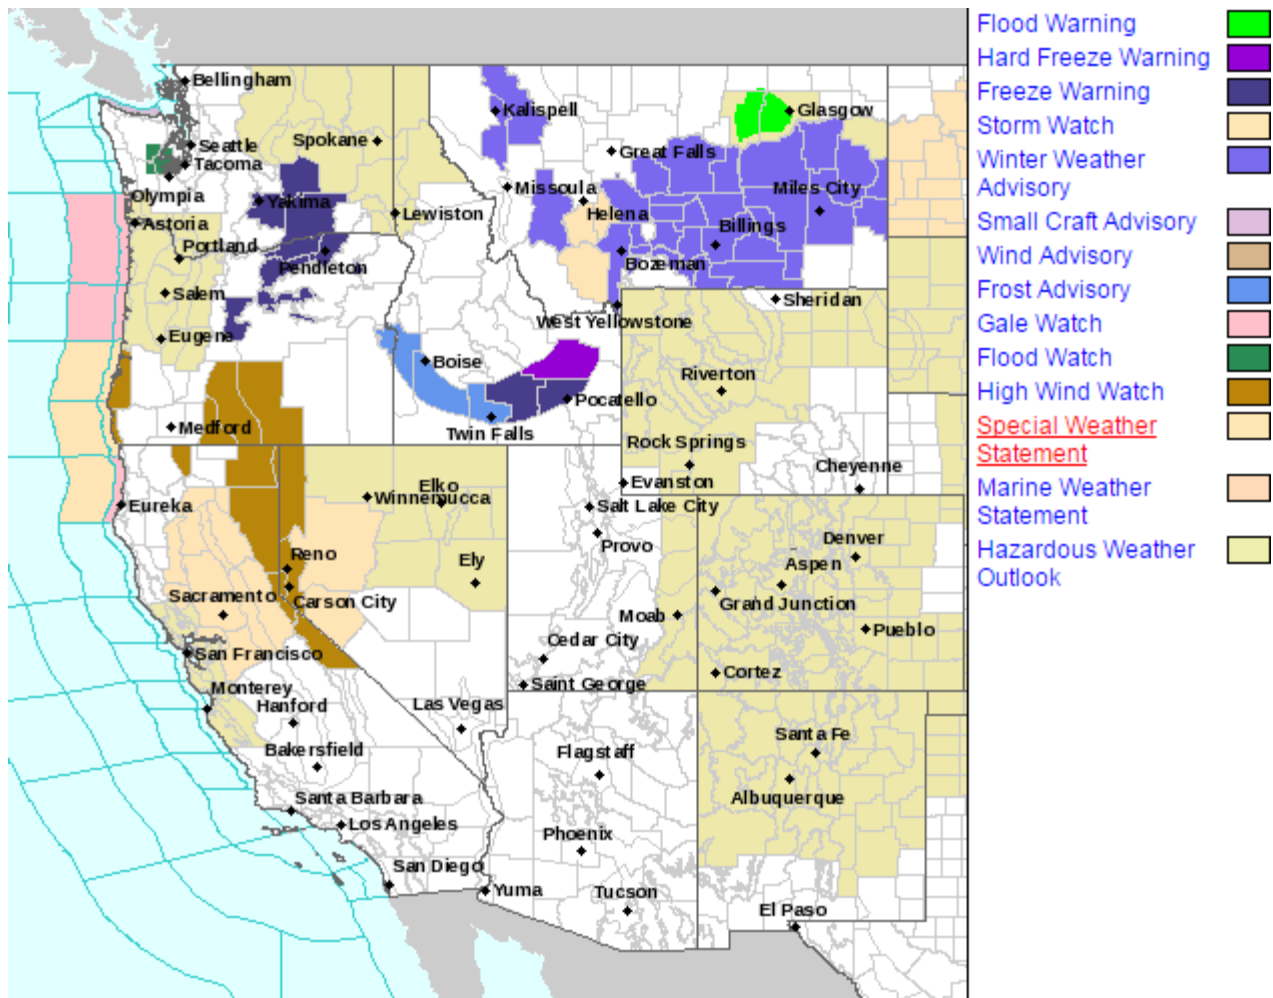

One more day of seasonably dry, warm weather will be over the region today before a change in pattern gets firmly underway. A somewhat weak trough will move ashore Wednesday with some cloudiness and slightly cooler temperatures for the region. A much stronger trough out over the Pacific will also be working its way eastward Wednesday and will probably bring some light precipitation to the North Coast as early as Wednesday night. The western half of the Geographic Area will see rain or snow develop during the day Thursday and overnight throughout the rest of the region. There will also be some gusty southerly winds Thursday, but no High Risk conditions will come with that as it will be too wet/humid for such as that. Some gusts around 40-50 mph will be possible over the higher elevations in the southern Shasta Valley (greater Weed area) with the incoming system Thursday, however. There will likely be a break in between systems Friday with lighter precipitation before the next very wet weather system arrives over the weekend. A third system is expected early next week. All this will keep the North Ops region moist and unseasonably cool through the 7 day period. Snow levels will drop to around 5000-6000 feet over the weekend. There will be areas with moderate to locally heavy precipitation Thursday and over the weekend, and the wettest areas in the NW and over the Sierra could easily see totals of 3-5 inches fall by late next Tuesday, and locally more. The warmest areas will be in the low to mid 60s this weekend.

SOUTHERN CALIFORNIA

A quiet weather pattern can be expected the next couple of days as a weak trough pushes inland. This trough will bring an increase in onshore flow and cooler temperatures to the region. Highs will drop 3-5 degrees each day through the middle of the week with highs in the 60s along the coast and in the mountains to the upper 70s in the valleys by Wednesday. Southwest winds of 20-30 mph with gusts to 40 mph can be expected in and near the Antelope Valley, Banning Pass and the eastern Cleveland National Forest today. Winds will be weaker Wednesday and Thursday. Expect marine layer stratus to reach some of the valleys Wednesday and Thursday during the night and morning hours. Late this week through the weekend, three storm systems are expected to impact the northern half of the state. Significant wetting rains will be possible from the Bay Area northward. Most of the precipitation will stay north of the area, but the central coast and the Sierras from Yosemite National Park northward will see light measureable rain Friday afternoon and possibly again Sunday. A much weaker storm may arrive Tuesday. Strong west winds up to 50 mph will be possible in the Sierras eastward into portions of the Inyo National Forest Friday and Sunday. After a brief warmup Thursday, look for temperatures to drop back to a bit below normal over the weekend. No offshore winds are expected through the period.

WEATHER MAP

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Current CAL OES Proclamations

Soberanes, Vegetation Fire, Monterey County

- On 07/26/16, Acting Governor Tom Torlakson issued emergency proclamations for Monterey County due to the effects of the Soberanes Fire.
- On 07/24/16, Monterey County proclaimed a local State of Emergency.
- On 08/04/16, Monterey County requested assistance through CDAA and a Federal Declaration in order to request federal assistance through the Stafford Act.
- On 08/31/16, a signed revised extended Proclamation was received from Monterey County which includes both the Soberanes and Chimney Fires. The County requested CDAA for debris removal.

Loma, Vegetation Fire, Santa Clara and Santa Cruz Counties

- On 09/27/16, a Proclamation was received from Santa Cruz County for the Loma Fire. There are no requests for state assistance.
- On 09/30/16, a Proclamation was received from Santa Clara County. There are no requests for state assistance.
- On 10/07/16, a Ratified Proclamation was received from Santa Clara County for the Loma Fire. There are no requests for state assistance.

CAL OES LAW ENFORCEMENT MISSIONS

New Cal OES Law Missions

- Nothing Significant to Report

CAL OES MISSIONS
